

Syracuse University - Inclusive Elementary and Special Education Program Concentration
Human Thought and Expression: Study of Literature, History, Philosophy, Religion, Gender and Ethnic Studies, History of the Arts, and Other Humanities

Name _____ SUID _____

- 10 courses (30 credits) are required (as defined below)
- Minimum 6 upper division courses (300 level and above)
- Maximum 6 humanities courses from distribution requirements may also be used toward the 10 concentration courses.
- More than one Selected Topics course (ending in “00”) from the same department can be taken if topics are different.

1. Look at your plan. If a requirement has an “DC” or “XC” next to it, take a course from that section of the distribution list (“Smiley face” list) that has a smiley face in the HTE column; Up to 6 appropriate courses can be used for both a distribution requirement (slots 9-16 on your program checklist) and this concentration (categories are listed in the second column below).
2. The 4 or more courses that will NOT also overlap with distribution requirements do not need to come from the “smiley face” list. Choose courses using the guidelines at the bottom of this page. Be sure to consider prerequisites!
3. Be sure that your 10 planned choices include at least 6 upper division courses (300 level and above).
